SPEARS

WELCOME TO UNIVERSE

The image features a deep space background. On the left, a green nebula with wispy, cloud-like structures is visible against a dark, star-filled sky. On the right, a more vibrant purple and pink nebula with sharp, angular features and bright star clusters is shown. The text "WE ARE NOT ALONE" is centered across the middle of the image, spanning both nebulae. The letters are a metallic, greyish-blue color with a 3D effect, appearing to float in the space. The overall composition is split vertically, with the green nebula on the left and the purple nebula on the right.

WE ARE NOT ALONE

ALIEN

Okay
Houston we have a problem here
This is Houston, say again please
Uh, Houston we have a problem

...
There was a time I was one of a kind
Lost in the world out of me myself and I
Was lonely then like an alien
I tried but I never figured it out
Why I always felt like a stranger in a crowd
Ooh that was then like an alien
But the stars in the sky look like home, take me home
And the light in your eyes lets me know I'm not alone
Not alone not alone not alone (x4)

Crossed through the universe to get where you are
Travel the night riding on a shooting star
Was lonely then like an alien
Had to get used to the world I was on
While yet still unsure if I knew where I belong
Ooh That was then like an alien
But the stars in the sky look like home, take me home
And the light in your eyes lets me know I'm not not alone
Not alone not alone not alone (x4)

But the stars in the sky look like home, take me home
And the light in your eyes lets me know I'm not alone
Not alone not alone not alone (x8)

There was a time
I used to think
That love would never turn into reality
I never thought
I'd find the one
But I tell I'm drawn to you a strength of none
[PRE - CHORUS:]
You must be from heaven, baby, yes you are
Your love is like a shooting star
So they can try but they can't touch (touch)
You gotta look up to us
[CHORUS:]

'Cause your love is outta this world (oooh)
How you bring me down to earth
I love how you put me first
Baby feel my every word
'Cause I'm seeing universes about you
I keep seeing universes about you
There'll always be verses about you
Our love is here to stay
There'll always be a song about you
Forever and a day
There'll always be a song about you

I'll be your moon (moon)
I'll make it bright (bright)
And when it's dark I promise that you'll see the light (light)
And just as far as the moon is from the sun (sun)
That's how long that I'll be here

And it's because
[PRE - CHORUS]
[CHORUS]
- In my sky
- We're the stars
I'm on Venus
You're on Mars
People can't understand
How I'm your girl and you're my man, yeah
(x2)
[CHORUS]

STRONGER

Here I go
Oh, c'mon now
Here I go
Here I go
Oh yeah
Here I go
Stronger
(Here I go, on my own)
Stronger (Ooh yeah)
Hush, just stop
There's nothing you can do or say, baby
I've had enough
I'm not your property as from today, baby
You might think that I won't make it on my own
[CHORUS:]
But now I'm
Stronger than yesterday
Now it's nothing but my way
My loneliness ain't killing me no more
I, I'm stronger
Than yesterday
Now it's nothing but my way
My loneliness ain't killing me no more
I, I'm stronger
Then I ever thought that I could be, baby
I used to go with the flow
Didn't really care 'bout me
You might think that I can't take it, but you're wrong
[CHORUS]
Come on, now
Oh, yeah
Here I go, on my own
I don't need nobody, better off alone
Here I go, on my own now
I don't need nobody, not anybody
Here I go, here I go
Alright, here I go
Stronger
[CHORUS (x3)]

This kitten got your tongue tied in knots, I see
Spit it out 'cause I'm dying for company

I notice that you got it
You notice that I want it
You know that I can take it
To the next level, baby
If you want this good ish
Sicker than the remix
Baby, let me blow your mind
Tonight

Watch me move, when I lose, when I lose it hard
Get you off with the touch dancing in the dark

You notice what I'm wearing,
I notice when you're staring
You know that I can take it,
To the next level, baby
Hotter than the A-list,
Next one on my hit list
Baby, let me blow your mind
Tonight

See the sunlight, we ain't stopping
Keep on dancing 'til the world ends
If you feel it let it happen
Keep on dancing 'til the world ends
Keep on dancing 'til the world ends
Keep on dancing 'til the world ends
See the sunlight, we ain't stopping
Keep on dancing 'til the world ends
If you feel it let it happen
Keep on dancing 'til the world ends
See the sunlight, we ain't stopping
Keep on dancing 'til the world ends
If you feel it let it happen
Keep on dancing 'til the world ends
See the sunlight, we ain't stopping
Keep on dancing 'til the world ends
If you feel it let it happen
Keep on dancing 'til the world ends
Keep on dancing 'til the world ends (x3)

I'M ON VENUS, YOU'RE ON MARS

You don't have to look like a movie star
Ooh I think you're good just the way you are
Tell me if you could would you up and run away with me?

You don't have to roll like a millionaire
Baby I would go with you anywhere
We don't need no gold, we'll be shining anyway, you'll see
[PRE - CHORUS:]

You know can't nobody get down like us
We don't stop 'til we get enough
C'mon, turn it up 'til the speakers pop
Break it down, show me what you've got

[CHORUS:]

Ooh my my baby don't be shy
I see that spark flashing in your eye
My heart beats fast 'cause I want it all
So baby come with me and be my ooh la la
Take my hand, we can go all night
And spin me round just the way I like
It feels so good, I don't wanna stop
So baby come with me and be my ooh la la

You don't have to wear no designer clothes
Just as long as we're dancing on the floor
Fingers in my hair and I'm letting go tonight, so free

[PRE - CHORUS]

[CHORUS]

Be my oh la la [x16]

Ooh my my baby don't be shy
I see that spark flashing in your eye

[CHORUS]

Baby come with me and be my ooh la la
So baby come with me and be my ooh la la

We're not so different
You and me

'Cause we both
Share our share of obscurities
And everybody's
Got some freaky tendencies
Hidden or admitted
'Cause we all got needs

[PRE-CHORUS:]

And I make no apologies (Huh-huh)
I'm into phonography (Huh-huh)
And I like my bluetooth, buttons comin' loose
I need my hands free (Huh-huh)
Then I let my mind roam (Huh-huh)
Playin' with my ringtone
He got service, I've got service
Baby, we can talk all night (Go)

[CHORUS:]

Let's talk about biology
Make believe you're next to me
Phonography, phonography
Talk that sexy talk to me
Better make sure that the line is green
Keep it confidential, you and me
Phonography, phonography
Dirty talk and call it phonography (Hey!)

I can follow
All your commands
But there will be no talk of
Adding you to my plan
I'll keep you connected
Long as you understand
That's how we should keep it

Mr. Telephone Man

[PRE-CHORUS]

[CHORUS]

Baby, if you're not alone
Take me off speakerphone
What I'm 'bout to say right here
Is just for your ears to hear
If you need to
Hit me back, hit me back
I got a star 69
For that shit, for that shit (Go)

[CHORUS]

Phonography
Phonography
(Go)

911 (x2)

Do you taste it, do you feel what I feel
I feel it coming, and it's oh so near
You got me breathing like an animal
I won't be satisfied until you're here (911)

[PRE-CHORUS:]

Every little time you touch my thighs I wanna cry (oh, I wanna cry)
Every little touch you take me deeper in my mind (oh, I'm going deeper)
Every little thing you do I swear I'm on a ride (oh)
You got me hypnotized (hypnotized), you got me hypnotized (911)

[CHORUS:]

911, I call you when I'm feeling lonely
911, baby boy come get right on me
911, put this fire out I'm burning up, up up
911

Do you know just what you do to me
What I'm needing, oh it's criminal
Close my eyes and you're undressing me
One step further boy and we will be (911)

[PRE-CHORUS]

[CHORUS]

Sexing in the attic
When you felt so automatic
Felt explosive when you had it
When you come all over me
Boy I made it rain
Just when I squeezed and made it tight
Just so relaxed, so don't you fight
Just calm down, feel the freaking heat

911 (x2)

[PRE-CHORUS]

[CHORUS]

911 (x4)

Lying alone
Touching my skin
I'm falling under
A girl like me
And I can't hold it in
It makes me wonder
Is this for real?
It's not what it seems
You're like an angel
I'm running now
My feet off the ground
[PRE-CHORUS:]

Take me

Touch me

Won't you hold me close?

[CHORUS:]

And then we kiss
Your love comes alive on my lips
I feel a rush
Coming over me, over me
And when we touch
This moment when everything's still
I close my eyes
And then we kiss

The feel of your hand
As it touches my hair
It makes me tremble
Don't wanna let go
Of the feelings we share
So baby, go slow
Our hearts beating fast
And my body cries
I want it to last
It's burning inside
We're getting deeper

[PRE-CHORUS]

[CHORUS]

You're drifting
The sun comes up
You're fading
You seem so far
I don't know
If I'm awake
Open my eyes
And then wwww
We kiss...

[PRE-CHORUS]

[CHORUS]

And then we kiss
And then we kiss
And when we touch
This moment when everything's still
I close my eyes
And then we kiss

Crazy
Oh, oh
Baby, I'm so into you
You got that somethin'. What can I do?
Baby, you spin me around
The earth is movin' but I can't feel the ground
Every time you look at me
My heart is jumpin', it's easy to see
Lovin' you means so much more
More than anything I ever felt before

[CHORUS:]
You drive me crazy
I just can't sleep
I'm so excited, I'm in too deep
Oh... crazy,
But it feels alright
Baby, thinkin' of you keeps me up all night

Tell me, you're so into me
That I'm the only one you will see
Tell me, I'm not in the blue,
That I'm not wastin' my feelings on you
Lovin' you means so much more.
More than anything I ever felt before

[CHORUS]

Crazy,
I just can't sleep
I'm so excited, I'm in too deep
Crazy,
But it feels alright
Every day and every night

You drive me crazy (you drive me crazy, baby)
Oh... crazy (you make me feel alright)
But it feels alright
Baby, thinkin' of you keeps me up all night
Baby, thinkin' of you keeps me up all night
(x2)

It's been a while
I know I shouldn't have kept you waiting
But I'm here now
I know it's been a while
But I'm glad you came
And I've been thinking 'bout
How you say my name
You got my body spinning
Like a hurricane
And it feels like
You got me going insane
And I can't get enough
So let me get it up
[PRE-CHORUS:]

Oh, looks like we're alone now
You ain't gotta be scared
We're grown now
I'm a hit defrost on you
Let's get it blazin'

We can turn the heat up if you wanna
Turn the lights down low if you wanna
Just wanna move you
But you're frozen
That's what I'm saying
[CHORUS:]

Let me break the ice
Allow me to get you right
Let you warm up to me
Baby I can make you feel
Let me break the ice
Allow me to get you right
Let you warm up to me
Baby I can make you feel

So are you warming up yet?
You got me hypnotised
I never felt this way
You got my heart beating like an 808
Can you rise to the occasion?
I'm patiently waiting
Cause it's getting late
And I can't get enough
So let me get it up

[PRE-CHORUS]
[CHORUS]

I like this part
It feels kinda good
Yeah

[CHORUS]

THIS IS MY DIMENSION

On a shameless night
In a nameless place
I thought that love was a hopeless case 'til I found you ('til I found you)
Lived a wasteful life in a hateful city
There was no love, just pain and pity 'til I found you ('til I found you)
And you don't know how you saved me
And you don't know what you gave me
And you don't know how you saved my life

[PRE-CHORUS:]

I can see the light
I have flown away
I have come alive
I am blown away
I have felt the love
I can see the truth
Now that I found you, now that I found you

I can live my life
I believe in faith
I have found myself
I have lost the hate
I have felt the love
I can see the truth

Now that I found you, now that I found you
[INSTRUMENTAL CHORUS]

On a shameless night
In a nameless place

I thought that love was a hopeless case 'til I found you ('til I found you)
Lived a wasteful life in a hateful city
There was no love, just pain and pity 'til I found you ('til I found you)
And you don't know how you saved my life

[PRE-CHORUS]

Yeah

[INSTRUMENTAL CHORUS]

All my life
I've waited for this day
I've waited for you
Now I adore you

(x2)

[PRE-CHORUS]

Yeah

[INSTRUMENTAL CHORUS]

You are the light of my beautiful life
You are the light of my beautiful life
You know I wake up and everyday,
I feel safe knowing that you got my back now and forever
Living my life 'cause I've got nothing to do
When a tear falls,

You put your hands out, you catch my tears,
And I'm feeling so close to your love now
If I was lost, now I am found

[CHORUS:]

You're my light when it gets dark
You're always in my heart
You're my brightest morning star
You're my light when it gets dark
You're always in my heart
You're my brightest morning star

You are the light of my beautiful life
I can never let go, you're my brightest morning star
I can never let go, you're my brightest morning star

In your arms, I feel alive, I am not afraid
I will keep you, listen closely,
I look for signs everyday

[CHORUS]

I lift my hands and pray 'cause life is tough someday
But I will not lose faith 'cause you will lead the way

[CHORUS]
